

## **ANNEX III – FINANCIAL AND CONTRACTUAL RULES**

### **I. RULES APPLICABLE TO BUDGET CATEGORIES BASED ON UNIT CONTRIBUTIONS**

#### **I.1 Conditions for eligibility of unit contributions**

Where the grant takes the form of a unit contribution, the number of units must comply with the following conditions:

- the units must be actually used or produced in the period set out in Article I.2.2 of the Special Conditions/Specific Agreement;
- the units must be necessary for implementing the Project or produced by it;
- the number of units must be identifiable and verifiable, in particular supported by records and documentation specified in this Annex.

#### **I.2 Calculation and supporting documents for unit contributions**

##### **A. Travel**

Travel costs of participants from their place of origin to the venue of the activity and return.

By default, the place of origin is understood as the place of residence of the participant. If a different place of origin or a destination different from the venue of the activity is reported, the beneficiary must provide the reason for this difference.

In case no travel took place or it was funded from other EU sources than the European Solidarity Corps (e.g. a participant is already at the venue of activity in relation to another activity than the one funded from the Agreement), the beneficiary must report that situation accordingly in Mobility Tool+ for each participant concerned. In this case, no grant support for travel will be provided.

- (a) Calculation of the grant amount for travel costs: the grant amount is calculated by multiplying the number of participants, including accompanying persons, per distance band, by the unit contribution applicable to the distance band concerned, as specified in Annex IV of the Agreement. The unit contribution per distance band represents the grant amount for a return travel between the place of origin and the venue of the activity.

For the establishment of the distance band applicable, the beneficiary must indicate the distance of a one-way travel using the on-line distance calculator available on the

Commission's website at: [https://ec.europa.eu/youth/solidarity-corps/resources-and-contacts\\_en](https://ec.europa.eu/youth/solidarity-corps/resources-and-contacts_en)

(b) Triggering event: the event that conditions the entitlement to the grant is that the participant has actually undertaken the activity.

(c) Supporting documents:

Proof of attendance of the activity in the form of a declaration signed by the participant and the host organisation, specifying the name of the participant, the name of the host organisation, the purpose of the activity, as well as its starting and end dates.

(d) Reporting: The beneficiary must report in Mobility Tool+ on all activities realised under the project.

## **B. Pocket Money/Relocation Allowance**

(a) Calculation of the grant amount: the grant amount is calculated by multiplying the number of days per participant (excluding accompanying persons) by the unit contribution applicable per day for the host country concerned as specified in Annex IV of the Agreement. One travel day before the activity and one travel day following the activity can be included for the calculation of the grant if relevant.

- In case of an interruption during the stay, the period of interruption will not be counted when calculating the grant for pocket money/relocation allowance.
- In case of suspension by the participant of the grant agreement with the beneficiary due to "force majeure", the participant may be allowed to continue the activities after the interruption, provided that the activity end date does not exceed the final date of the project. This should be reported in Mobility Tool+ as a single activity with an interruption period.
- In case of termination by the participant of the agreement with the beneficiary due to "force majeure", the participant must be entitled to receive the amount of the grant corresponding at least to the actual duration of the activity period. Any remaining funds must be refunded, except if agreed differently with the beneficiary.

(b) Triggering event: the event that conditions the entitlement to the grant is that the participant has actually undertaken the activity for the specified period.

(c) Supporting documents:

- proof of attendance of the activity in the form of a declaration signed by the participant and the organisation, specifying the place and start and end date of the activity, as well as the name of the participant;
- proof of payment of the full amount of pocket money / relocation allowance due by the beneficiary to the participant in the form of a proof of transfer to the bank account of the participant or a receipt signed by the participant.

(d) Reporting:

- The beneficiary must report in Mobility Tool+ on all activities realised under the project.
- If the duration of an activity is longer than the one indicated in the agreement with the participant, the beneficiary must amend the agreement to take into account the longer duration, provided that the remaining grant amount allows it. In such case, the beneficiary must indicate in Mobility Tool+ the new start date and the end date in line with the approved amendment.

**C1. Organisational support – Project Management**

- (a) Calculation of the grant amount: the grant amount is calculated by multiplying the number of participants (excluding accompanying persons) by the unit contribution applicable and capped, as specified in Annex IV of the Agreement.
- (b) Triggering event: the event that conditions the entitlement to the grant is that the beneficiary implements the project activities as applied for in the grant application and as approved by the National Agency.
- (c) Supporting documents: proof of activities implemented will be provided in the form of a description of these activities in the final report.
- (d) Reporting: the beneficiary must report in Mobility Tool+ on all activities realised under the project.

**C2. Organisational support – Activity Costs**

- (a) Calculation of the grant amount: the grant amount is calculated by multiplying the number of days per participant (including accompanying persons) by the unit contribution applicable per day for the host country concerned, as specified in Annex IV of the Agreement. One travel day before the activity and one travel day following the activity can be included for the calculation of the grant, if relevant.

(b) Supporting documents:

Proof of attendance of the activity in the form of a declaration signed by the participant and the host organisation, specifying the name of the participant, the name of the host organisation, the purpose of the activity, as well as its starting and end dates.

(c) Reporting:

- The beneficiary must report in Mobility Tool+ on all activities realised under the project.
- Participants in the activities must report on the activities via an on-line questionnaire providing their feedback on factual and qualitative elements of their activity.

One travel day before the activity and one travel day following the activity can be included for the calculation of the grant if relevant.

(b) Triggering event: the event that conditions the entitlement to the grant is that the participant who is a young person with fewer opportunities has actually undertaken the activity.

(c) Supporting documents: proof of implementation of the additional measures and activities undertaken to promote social inclusion will be required in the form of description of these measures in the final report. The beneficiary will also be required to provide proof of attendance of the activity in the form of a declaration signed by the participant and the host organisation specifying the name of the participant, the name of the organisation, the purpose of the activity, as well as its starting and end dates.

(d) Reporting:

- The beneficiary must report in Mobility Tool+ on all activities realised under the project.

- The beneficiary must report in Mobility Tool+ on the barriers faced by the participant as well as on the additional measures and activities carried out to support her/his participation.

A final report check must be performed for all Projects. In addition, the project may be subject to further desk check or on-the-spot check if the project Agreement is included in the NA sample required by the European Commission or if the NA has selected it for a targeted check based on its risk assessment.

For final report check and desk check, the beneficiary must supply to the NA copies of supporting documents specified in the section I.2, unless the NA makes a request for originals to be delivered. The NA must return original supporting documents to the beneficiary upon its analysis thereof. If the beneficiary is legally not authorised to send original documents for final report or desk checks, the beneficiary concerned may send a copy of the supporting documents instead.

The beneficiary may be requested by the NA to provide for any type of check, additional supporting documents or evidence that are typically required for another type of check, as specified in article II.27 of the General Conditions.

The different checks must include the following:

### **a) Final report check**

The final report check is undertaken at final report stage at the NA premises in order to establish the final grant amount to which the beneficiary is entitled.

The beneficiary must submit to the National Agency a final report through Mobility Tool+ which will include the following information on grant expenditure:

- Unit contributions consumed for budget categories:
  - Travel

Upon request, the beneficiary must submit to the National Agency the supporting documents for all budget categories.

**c) On-the-spot checks**

On-the-spot checks are performed by the NA at the premises of the beneficiary or at any other relevant premise for the execution of the Project. During on-the-spot checks, the beneficiary must make available for review by the National Agency original supporting documentation for all budget categories.

There are three types of possible on-the-spot checks:

- ***On-the-spot check during project implementation***

This check is undertaken during the implementation of the Project in order for the National Agency to verify directly the reality and eligibility of all project activities and participants;

- ***On-the-spot check after completion of the project***

This check is undertaken after the end of the Project and usually after the final report check.

In addition to providing all supporting documentation, the beneficiary must enable the National Agency access to the recording of project expense in the beneficiary accounts.

- ***System check***

The system check is performed to establish the beneficiary's compliance with the commitments undertaken as a result of the Quality Label or Erasmus+ Volunteering accreditation.

The beneficiary must enable National Agency to verify the reality and eligibility of all project activities and participants.
